EMS Corporate Engagement Council

The National Association of Emergency Medical Technicians (NAEMT) established the EMS Corporate Engagement Council (EMS-CEC) in 2019.

The EMS Corporate Engagement Council is an exciting collaboration that provides a forum for those who supply the EMS industry with products and services and those who provide EMS care to discuss key issues impacting the industry and understand their implications. The Council is hosted by our NAEMT team, with support from subject matter experts from Winning Strategies Washington (WSW), who bring their decades' worth of legislative and regulatory experience to enhance Council discussions.

This Council creates an ongoing venue for industry suppliers to engage directly with EMS providers and other industry experts on a *smaller scale, focused environment* than is possible in other settings, such as national conferences and industry trade shows. Topics for discussion include updates on key federal and state legislation and regulation, new and developing equipment mandates and standards, trends in product utilization, developments in training and accreditation, and the impact of reimbursement changes on purchasing.

Membership in the EMS-CEC is \$5,000 per year and is separate from other Corporate Partner opportunities.
