

COMPLEXITY SIMPLIFIED

1

STEP ONE

LEARN ABOUT OUR SUITE OF TOOLS.

Ninth Brain Suite delivers all the tools you need — all in a single solution. It's completely affordable, customizable, and well suited for emergency, medical, or any other highly regulated business.

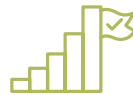

Learning Management System

Create courses and online exams, assign required training, and upload video-taped sessions to streamline education.

Workforce Scheduling

Use multiple shift patterns to create and auto-generate schedules for your teams.

Quality Improvement Tracker

Track performance data while keeping everyone in the loop on incident investigations.

Form + Checklist Builder

Provide organized documentation with workflow communication and data reports.

Credential Management

Track professional industry and company specific credentials, manage company requirements and send automated alerts.

H.R. + Employee Health Records

Easily manage personnel records and track employee health events, immunizations, OSHA reportable events and more.

Central Calendar

Schedule, communicate and administer company-wide or department-specific events.

Communication Tools

Create your own online bulletin boards, announce events, and easily share company news.

Real-Time + Scheduled Reporting

Templated or custom reports allow you to showcase compliance with accreditation requirements.

Resource Center

Store and manage unlimited data such as company directory, safety data sheets, and more.

2

STEP TWO CHOOSE A PACKAGE THAT MEETS YOUR NEEDS.
